SPEIRS FOODS

Speirs Foods is based in Marton, New Zealand and is well renowned for producing and marketing fresh salads and fresh-cut vegetables.

We are growing more and more of these vegetables ourselves and sourcing ingredients from local growers when possible. These vegetables are processed in our production facility proudly in the heart of the Rangitikei, where we create 70 product lines that are sold throughout New Zealand.

With the global trends of convenience and health in mind, we are continually striving to extend our product range to include healthier and more convenient options that are in line with demands, making life easier without compromising on health, taste or quality.

We have a major focus on Quality and Compliance to ensure all products are delivered to our customers in the best condition. This is supported through all areas of the business, everyone involved takes pride in making the best quality products, using only ingredients of the highest standard and keeping to specification for every order that goes out the door.
